

THE PACIFIC NORTHWEST'S

Comprehensive Manufacturers' Choice

MaRC Tech2
TECHNOLOGY SOLUTION

888-768-9058

MaRC Tech2 is a premier Manufacturer's Representative, Pacific NW Centered, & Globally Supported. We combine our history with our progressive attitude and commitment to supporting our customers (both internal and external).

DC Contactors

Standard and Custom DC Contactors, both Resin and Ceramic Technologies.

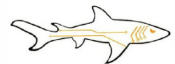

LED Components, PCB Design Services, and Custom Design Solutions.

A complete and diverse portfolio of connectivity solutions.

Board Shark

PCBs of all technologies, lead times & quantities. for projects & protos!

USA-made PCBs for performance and critical requirements.

Connectors, Flexible Flat Cable, and Wire Harnesses.

Electrolytic Capacitors - Aluminum Electrolytic Polymer, Super Capacitors.

Power Cords; Plugs, Adapters, Connectors.

DC/DC converters, AC/DC power supplies, IGBT and SiC DC/DC's and POL's.

LCD Modules, Character, Graphic Color TFT, OLED, Touch.

Plastics Injection Molding Polymer Solutions. Mold Making, Assembly, Kitting.

Cable assemblies, switches, keypads, backlighting, printed electronics, touchscreens & displays.

Premium Battery Technology & Products.

PacRim Manufacturing

Offshore manufacturing - custom engineered components.

Standard & Custom Transformers & Inductors, High Frequency Magnetics and Power Supplies.

VOXPOWER

Unique AC/DC and DC/DC power solutions for medical, industrial and technology markets.

MaRC Tech2
TECHNOLOGY SOLUTION

888-768-9058

914 164th Street SE, #411
Mill Creek, WA 98012

Pacific NW Centered,
Globally Supported

Our organization and systems are built around the ability to provide end-to-end solutions for all your Engineering, Quality, Operational & Supply Chain needs.

SOLUTIONS INCLUDE:

PCBs

Flexible Circuits
Rigid-Flex
Flexible Heaters
Flex Cables
Membrane Switches
Printed Electronics
Flexible Heaters
Insulated Metal Substrate Boards (IMS)
Quick-Turn/Standard Lead Times
Prototyping and NPI
Production Volumes
Offshore/Domestic
HDI
Standard Technology
AS9100D
NADCAP
Mil-Aero
MIL-PRF-31032/55110
HubZone
Cage Code
DoD Supported
RF and Microwave
IC substrates
Phased array technology
PCBA

Custom Plastics and Metal

Custom Rubber Parts
Custom Urethane Parts
Custom Plastic/ Injection Molding
In-Mold Decorating
Backlighting
Keypads
Capacitive Switches
Turn-Key Assemblies
Graphic Products
Printed Electronics
Assemblies
Contoured Overlays
Touch Screen Assemblies
Nameplates and Labels
Precision Sheet Metal Fabrication
Mechanical Assembly

Power Supplies

Power Supplies - Board Mount
External/Internal (Off-Board)
Conduction and Convection
Cooled - Fanless
AC/DC Power Supplies
DC DC Converters
POL Switching Regulators
Medical Approved Supplies
Programable Power Supplies
Custom Solutions and Designs
Compact High Density
LED Drivers

Magnetics

Filters
Inductors, Coils, Chokes
Transformers
Custom
US made and Offshore

Components

Electrolytic Capacitors
Super Capacitors
Polymer Capacitors
Film Capacitors
Switches
Filters
Industrial Automation and Controls
Relays
DC Contactors
LEDs
Programable Rope Lighting
Custom LED Assemblies (AS9100)
Optoelectronics
Integrated Circuits (ICs)
Isolators
Sensors, Transducers

Premium Battery Solutions

Battery Products
Battery Packs and Assemblies
Circuit Protection
Primary and Secondary
Li-MnO₂, Li-SOCl₂ to Ni-MH and Li-ion

Connectors and Cable

Assemblies
Cable harnesses
Box builds
Manufacturing Services
Ultrasonic Welding
Automated Crimping
Automated Wire
Power Cords
Plugs
Adapters
Connectors
Locking connectors
Non-halogen connectors
Power Control Boxes
Injection Molding / Overmolding
High Voltage Assemblies
Hardware, Fasteners, Accessories
Connectors, Interconnects
Optoelectronics
RF and Wireless
Tools
Cables, Wires - Management
Filters
Sensors, Transducers
Processing
NPI Builds
Wire Harness Assembly
System Integration & Design
Box Builds
Electro-mechanical Assemblies
